Open House on Wisconsin Point Area Management Plan to be held April 30th

The public is invited to attend and participate in an open house on April 30, 2012 from 6-8 PM to present the preliminary management options for the Wisconsin Point Management Area (WPMA). The open house will take place in the meeting room of the Superior Public Library, 1530 Tower Ave. Superior, WI.

This public gathering will present the preliminary management options and the progress of Wisconsin Point Area Management Plan. Planners and steering committee representatives will be on hand to answer questions

about the proposed preliminary management options and to accept public comments. Summaries of the preliminary management options are described in a document (Management Approaches) that is available online at www.nwrpc.com/wpma.

Public input is critical at this point in the process to assist the WPMA steering committee in refining the management options and to assist in determining the preferred management option for the Wisconsin Point Management Area.

For more information about the Wisconsin Point Area Management Plan, visit the planning web site at www.nwrpc.com/wpma.
